

## GP-EP Data Codebook

### Variable Information

| Variable       | Position | Label                                    | Measurement<br>Level | Role  | Column Width | Alignment | Print Format | Write Format |
|----------------|----------|------------------------------------------|----------------------|-------|--------------|-----------|--------------|--------------|
| Participantno  | 1        | Numbering all participants from 1 to 207 | Nominal              | Input | 8            | Right     | F8           | F8           |
| Respondenttype | 2        | Category of respondents into EP or GP    | Nominal              | Input | 8            | Right     | F8.2         | F8.2         |
| AC001EP        | 3        | Do you hold ESSA Accreditation           | Scale                | Input | 8            | Right     | F8.2         | F8.2         |
| C001EPGP       | 4        | Country of residence                     | Nominal              | Input | 8            | Right     | F8.2         | F8.2         |
| S001EPGP       | 5        | State                                    | Nominal              | Input | 8            | Right     | F8.2         | F8.2         |
| G001EPGP       | 6        | Gender                                   | Nominal              | Input | 8            | Right     | F8.2         | F8.2         |
| A001EPGP       | 7        | Age                                      | Scale                | Input | 8            | Right     | F8.2         | F8.2         |
| A001EPGPgrp    | 8        | Age EP-GP into groups                    | Ordinal              | Input | 11           | Right     | F5           | F5           |
| Y001EP         | 9        | Years of EP experience                   | Scale                | Input | 8            | Right     | F8.2         | F8.2         |
| Y001GPEP       | 10       | Years of EP & GP experience combined     | Ordinal              | Input | 9            | Right     | F5           | F5           |
| WD001EP        | 11       | Community/ Public Health                 | Scale                | Input | 8            | Right     | F8.2         | F8.2         |

|           |    |                                                                     |         |       |    |       |      |      |
|-----------|----|---------------------------------------------------------------------|---------|-------|----|-------|------|------|
| WD002EP   | 12 | Corporate Health/<br>Occupational<br>Health and<br>Safety           | Scale   | Input | 8  | Right | F8.2 | F8.2 |
| WD003EP   | 13 | Education<br>Research                                               | Scale   | Input | 8  | Right | F8.2 | F8.2 |
| WD004EP   | 14 | Aged Care<br>Facility or<br>Disability                              | Scale   | Input | 8  | Right | F8.2 | F8.2 |
| WD005EP   | 15 | Private Practice                                                    | Scale   | Input | 8  | Right | F8.2 | F8.2 |
| WD006EP   | 16 | Tertiary sector                                                     | Scale   | Input | 8  | Right | F8.2 | F8.2 |
| WD007EP   | 17 | NGO                                                                 | Scale   | Input | 8  | Right | F8.2 | F8.2 |
| WD008EP   | 18 | Schools                                                             | Scale   | Input | 8  | Right | F8.2 | F8.2 |
| WD009EP   | 19 | Gym                                                                 | Scale   | Input | 8  | Right | F8.2 | F8.2 |
| WD010EP   | 20 | Private Hospital                                                    | Scale   | Input | 8  | Right | F8.2 | F8.2 |
| WS001EP   | 21 | Work status                                                         | Nominal | Input | 8  | Right | F8.2 | F8.2 |
| PE001EP   | 22 | Practice<br>Environment for<br>EPs                                  | Nominal | Input | 8  | Right | F8.2 | F8.2 |
| PE001EPGP | 23 | Practice<br>Environment (3<br>groups) for both<br>EPs and GPs       | Nominal | Input | 10 | Right | F8   | F8   |
| KN001EPGP | 24 | PA is any<br>movement that<br>involves<br>contraction of<br>muscles | Nominal | Input | 10 | Right | F8   | F8   |
| KN002EPGP | 25 | PA has to be high<br>intensity to<br>benefit health                 | Nominal | Input | 10 | Right | F8   | F8   |

|           |    |                                                                                                                       |         |       |    |       |      |      |
|-----------|----|-----------------------------------------------------------------------------------------------------------------------|---------|-------|----|-------|------|------|
| KN003EPGP | 26 | Climbing the stairs is a form of PA                                                                                   | Nominal | Input | 10 | Right | F8   | F8   |
| KN004EPGP | 27 | Exercise is a form of PA                                                                                              | Nominal | Input | 10 | Right | F8   | F8   |
| KN005EPGP | 28 | PA is only beneficial if performed for at least 60 minutes at a time                                                  | Nominal | Input | 10 | Right | F8   | F8   |
| KN006EPGP | 29 | The recommended PA for adults is at least 150 mins low - moderate PA per week or 10,000 steps per day                 | Nominal | Input | 10 | Right | F8   | F8   |
| KN007EPGP | 30 | Adults are encouraged to engage in 30 minutes of PA per week or 5000 steps per day to confer relevant health benefits | Nominal | Input | 10 | Right | F8   | F8   |
| BL00EPGP  | 31 | Patients with lifestyle diseases should be managed with PA                                                            | Ordinal | Input | 8  | Right | F8.2 | F8.2 |

|           |    |                                                                                                     |         |       |   |       |      |      |
|-----------|----|-----------------------------------------------------------------------------------------------------|---------|-------|---|-------|------|------|
| BL002EPGP | 32 | PA counselling is important in my field of practice                                                 | Ordinal | Input | 8 | Right | F8.2 | F8.2 |
| BL003EPGP | 33 | I am confident in prescribing PA to my patients                                                     | Ordinal | Input | 8 | Right | F8.2 | F8.2 |
| BL004EPGP | 34 | PA is beneficial to my patients                                                                     | Ordinal | Input | 8 | Right | F8.2 | F8.2 |
| BL005EP   | 35 | Most GPs in my practice have information about EPs                                                  | Ordinal | Input | 8 | Right | F8.2 | F8.2 |
| BL006EP   | 36 | GPs refer patients to me for individualised PA intervention as required                             | Ordinal | Input | 8 | Right | F8.2 | F8.2 |
| BL007EP   | 37 | Healthcare practitioners should be role models to their patients                                    | Ordinal | Input | 8 | Right | F8.2 | F8.2 |
| BL008EP   | 38 | Physically active practitioners would be more likely to encourage their patients to take part in PA | Ordinal | Input | 8 | Right | F8.2 | F8.2 |
| BH001EPGP | 39 | Are you involved in any form of PA?                                                                 | Scale   | Input | 7 | Right | F8.2 | F8.2 |

|           |    |                                                                                                                |         |       |    |       |      |      |
|-----------|----|----------------------------------------------------------------------------------------------------------------|---------|-------|----|-------|------|------|
| BH002EPGP | 40 | How many minutes of physical activity do you engage in each week?                                              | Scale   | Input | 8  | Right | F8.2 | F8.2 |
| BH003EP   | 41 | At what intensity do you engage in physical activity?                                                          | Nominal | Input | 8  | Right | F8.2 | F8.2 |
| BH003EPGP | 42 | At what intensity recoded into 3 groups                                                                        | Nominal | Input | 10 | Right | F8   | F8   |
| BH004EPGP | 43 | Loose weight                                                                                                   | Scale   | Input | 8  | Right | F8.2 | F8.2 |
| BH005EPGP | 44 | Enjoyment                                                                                                      | Scale   | Input | 8  | Right | F8.2 | F8.2 |
| BH006EPGP | 45 | Relieve stress                                                                                                 | Scale   | Input | 8  | Right | F8.2 | F8.2 |
| BH007EPGP | 46 | Hobby                                                                                                          | Scale   | Input | 8  | Right | F8.2 | F8.2 |
| BH008EPGP | 47 | Health benefits                                                                                                | Scale   | Input | 8  | Right | F8.2 | F8.2 |
| BH009EPGP | 48 | Example to patients                                                                                            | Scale   | Input | 8  | Right | F8.2 | F8.2 |
| BH010EPGP | 49 | Socialize                                                                                                      | Scale   | Input | 8  | Right | F8.2 | F8.2 |
| BH011EP   | 50 | Skill development/Competition                                                                                  | Scale   | Input | 8  | Right | F8.2 | F8.2 |
| RC001EP   | 51 | Do you frequently recommend your services and explain your role in the management of lifestyle disease to GPs? | Scale   | Input | 8  | Right | F8.2 | F8.2 |

|           |    |                                                                       |       |       |   |       |      |      |
|-----------|----|-----------------------------------------------------------------------|-------|-------|---|-------|------|------|
| RC002EP   | 52 | If yes, has this influenced the referral of patients from GPs to you? | Scale | Input | 8 | Right | F8.2 | F8.2 |
| RC003EPGP | 53 | Do GPs refer patients to you? - PATIENT REFERRAL VIA PARS             | Scale | Input | 8 | Right | F8.2 | F8.2 |
| RC004EPGP | 54 | Referral letter                                                       | Scale | Input | 8 | Right | F8.2 | F8.2 |
| RC005EPGP | 55 | Word of mouth                                                         | Scale | Input | 8 | Right | F8.2 | F8.2 |
| RC006EPGP | 56 | Telephone Call                                                        | Scale | Input | 8 | Right | F8.2 | F8.2 |
| RC007EPGP | 57 | internal referral system e.g EPC or DVA                               | Scale | Input | 8 | Right | F8.2 | F8.2 |
| RBg015GP  | 58 | Patient's choice (only in GP survey but not in EP survey)             | Scale | Input | 8 | Right | F8.2 | F8.2 |
| RC008EP   | 59 | On average, how many patients do GPs refer to you per month?          | Scale | Input | 8 | Right | F8.2 | F8.2 |
| RC009EPGP | 60 | Patient with cardiovascular disease                                   | Scale | Input | 8 | Right | F8.2 | F8.2 |
| RC010EPGP | 61 | Patients with Diabetes                                                | Scale | Input | 8 | Right | F8.2 | F8.2 |
| RC011EPGP | 62 | Sedentary patients                                                    | Scale | Input | 8 | Right | F8.2 | F8.2 |

|           |    |                                                                                                                |       |       |   |       |      |      |
|-----------|----|----------------------------------------------------------------------------------------------------------------|-------|-------|---|-------|------|------|
| RC012EPGP | 63 | Patients with Asthma                                                                                           | Scale | Input | 8 | Right | F8.2 | F8.2 |
| RC013EPGP | 64 | Overweight/obese patients                                                                                      | Scale | Input | 8 | Right | F8.2 | F8.2 |
| RC014EPGP | 65 | Chronic smoker                                                                                                 | Scale | Input | 8 | Right | F8.2 | F8.2 |
| RC015EPGP | 66 | Patients with cancer                                                                                           | Scale | Input | 8 | Right | F8.2 | F8.2 |
| RC016EPGP | 67 | Mental health patients                                                                                         | Scale | Input | 8 | Right | F8.2 | F8.2 |
| RC017EPGP | 68 | Patients with musculo-skeletal disorders                                                                       | Scale | Input | 8 | Right | F8.2 | F8.2 |
| RC020EPGP | 69 | Falls risk/old or frail                                                                                        | Scale | Input | 8 | Right | F8.2 | F8.2 |
